

Notice to all Maple Lake Property Owners:

Dear Residents of Maple Lake:

Maple Lake Improvement District has contracted PLM Lake and Land Management to treat Aquatic Invasive Species in Maple Lake in 2021.

The Minnesota Department of Natural Resources has granted the Maple Lake Improvement District a permit originally based on a required waiver to obtain the signatures of approval from owners of lake shore property. Instead, the Maple Lake Improvement District will notify property owners of the treatment through alternate form[s]. This letter is one form that the Maple Lake Improvement District is using to notify property owners. Other forms [may] include notification on the association web page, local news publications, and during the annual meetings.

With regard to the treatment for this year, 2021:

1. The proposed timing for treatment: **June-August**
2. The target species for the treatment: **Eurasian Water Milfoil**
3. The method of control or product being used: **MNDNR Approved Aquatic Herbicide**
4. If landowner does NOT want treatment to occur adjacent to the landowner's property: fill out the form below and notify the Lake Association immediately at the following:

E-mail: mlpoapresident@gmail.com
Phone: 612-716-4526 / message

Sincerely,

Maple Lake Improvement District Board of Directors

I request that no herbicide treatment occur adjacent to our shoreline property.

Signed _____ Date _____

All requested information must be entered for verification purposes.
